ATTN: Jim Ashworth

Dear Mr. Ashworth:

The following is submitted in response to the attached letter from USEPA requesting information about the Powell Road Landfill in Huber Heights, Ohio. As suggested in the letter, we contacted Mr. Ken Tindall of USEPA who was kind enough to assist us in identifying a relevant time period and potentially useful records in our files.

A review of our records reveals that during the period from 1978 to 1981, we had the following arrangements with the Powell Road Landfill or SCA Landfill Services.

- A. Three purchase orders for the disposal of "bulk items." (See Attachments 1, 2 and 3).

These purchase orders were for the disposal of "bulk items such as refrigerators, washers, dryers, sofas, hot water tanks, stoves, etc."

- B. A contract for assistance in the design and specifications for a solid waste transfer station. (Attachment 4).
- C. A purchase order for disposal of "bulk items" as part of the City's "Clean Sweep Program." (Attachment 5).
- D. A price agreement with two SCA Landfills which are not related to the Powell Road Site. (Attachment 4).

The following constitutes our response to the questions posed in the August 10th letter:

1. Unless separately identified these questions are being answered by Mr. Timothy H. Riordan, Director of the Department of Finance, City of Dayton, 101 West Third Street, Dayton, Ohio.
2. See response to question 1.

3. Copies of the documents are attached.
4. The following operating units of the City of Dayton have RCRA Identification numbers:

Department of Aviation  
OHD 982210759  
Wright Drive  
Vandalia, Ohio

Central Garage  
OHD 081853566  
1010 Ottawa Street  
Dayton, Ohio

Sign Shop OHD 981796964  
520 Kiser Street  
Dayton, Ohio

Wastewater Treatment Plant  
OHD 000721191  
2800 Guthrie Road  
Dayton, Ohio

The answer to this question was provided by Steven Gaytko, Personnel Department, 101 West Third Street, Dayton, Ohio.

5. I have no knowledge of any acts or omissions which would have caused a release or threat of release of hazardous substances at the site.
6. Our office does not keep records which would identify persons or employees who have knowledge, information, or documents about the generation, use, purchase, treatment, storage, disposal, or other handling of materials at or transportation of materials to the Powell Road Landfill.
7. Question 7 requests information as to persons on an "attached list." No such list was found attached to the letter received from USEPA.
8. I have no knowledge of the current owner, operator, lessor or lessee of any portion of the Site.
9. I have no knowledge of the prior owner, operator, lessor, or lessee of the Site.
10. The City of Dayton has transported waste materials to the site.
  - 10.a.1. The persons from whom waste materials were accepted were the inhabitants of residential structures within the City of Dayton. Since these were curbside pick-ups, no records were kept as to the identity of individuals who served as "point of contact" if, in fact, there were such individuals.
  - 10.a.2. This question refers to "plant employees." No pick-ups were made from industrial facilities.
  - 10.a.3. Not applicable. See response to Question 10.a.2., above.
  - 10.b. No records exist of the dates on which curbside pick-ups were made.

- 10.c. Items picked up for transport to the site were exclusively limited to "bulk items," such as refrigerators, washers, dryers, sofas, hot water tanks, and stoves. These items are typically large, heavy solids, made of metal or fabric, and are used by residents in the process of daily living.
- 10.d. No warnings were given.
- 10.e. No records exist as to the owners of these items.
- 10.f. No records were kept as to either the weight or volume of such transactions.
- 10.g. No tests were performed and no analytical results were obtained.
- 10.h. There was no charges to residents for transport of these bulk items. The price charge for disposal was \$2.00 per cubic yard.

Answers to this question were provided by Mr. Clarence Williams, Director of Public Works, City of Dayton, 101 West Third Street, Dayton, Ohio.

- 11. The City of Dayton is a chartered municipal corporation under the laws of the State of Ohio. It does not have parent or subsidiary corporations.
- 12. Respondent has no knowledge of any liability it may have arising from or relating to the release or threatened release of hazardous substance at the site.
- 13. The City of Dayton is a charter municipality in the State of Ohio and does not have "Articles of Incorporation and By-laws."
- 14. The City of Dayton is a chartered municipality in the State of Ohio which utilizes the city manager" form of government. It does not have "majority shareholders." It's chief executive officer is:

Richard B. Helwig  
City Manager  
101 West Third Street  
Dayton, Ohio 45402

- 15. I have no knowledge of any person able to provide a more detailed or complete response.
- 16. The identity of such persons is unknown.

Sincerely,

  
Timothy H. Riordan  
Director of Finance  
City of Dayton

ADDRESS P. O. Box 1265  
2208 Bertwynn Drive

Justification and description of purchase, contract or payment:

We are requesting your approval to enter into a contract with SCA Services Incorporated to assist in the design and specifications for a solid waste transfer station together with estimates of cost for operation of such station and costs of hauling and landfilling.

A number of environmental, technical and operational difficulties have led to the imminent closing of one or both County incinerators sometime later in 1979. In anticipation of this closing, Montgomery County has undertaken an effort to determine the feasibility of resource recovery. The City of Dayton has been active and a cooperative participant in this effort. As a result, a number of concerns have arisen which make it imperative the City seriously consider the option of disposing of its own residential wastes.

We are also requesting approval to enter into a price agreement with SCA Services Incorporated for the period of July 1, 1979 thru June 30, 1980 for the disposal of City of Dayton refuse. Cost for landfilling at the Springfield, Ohio site (Limestone City) 3850 Lower Valley Pike will be \$4.00 per ton. Cost for landfilling at the St. Paris, Ohio site will be \$1.00 per yard. The above quotations are based on the City of Dayton providing transportation of refuse to the above mentioned landfill sites.

Re: Request for Information Pursuant to Section 104(e) of CERCLA and Section 3007 of RCRA, for the Powell Road Landfill in Huber Heights, Ohio.

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) is currently investigating the source, extent and nature of the release or threatened release of hazardous substances, pollutants or contaminants on or about the Powell Road Landfill. It includes a 40 acre area south of Powell Road and north of the Great Miami River in southwest Huber Heights, Ohio. This investigation requires inquiry into the generation, storage, treatment and disposal of such substances that have been or threaten to be released at the Site.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 42 U.S.C. Section 9604 (e), as amended by the Superfund Amendments and Reauthorization Act of 1986, Pub. L. 99-499, and pursuant to Section 3007 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. Section 6927, you are hereby requested to respond to the Information Requests enclosed. Compliance with the enclosed Information Request is mandatory. Failure to respond fully and truthfully to each and every Information Request within forty-five (45) days of receipt of this letter, or to adequately justify such failure to respond, can result in enforcement action by U.S. EPA pursuant to Section 3008 of RCRA under which U.S. EPA may seek the imposition of penalties of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance, and/or pursuant to Section 104(e) (5) of CERCLA which, as amended, authorizes the United States to seek penalties from a Federal court of up to \$25,000 for each day of continued non-compliance. "Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representatives may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up to five (5) years of imprisonment or both under 18 U.S.C. Section 1001.

The United States Environmental Protection Agency has the authority to use the information requested herein in an administrative, civil or criminal action. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. 3501, et seq.

Your response to this Information Request should be mailed to:

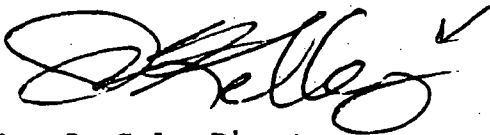

Resource Applications, Inc.

If you have any questions regarding this information request, please contact Joe Kawecki at (312) 886-7048 or Ken Tindall at (312) 886-9895. All legal questions should be directed to Leonardo Robinson of the Office of Regional Counsel at (312) 886-6830.

Due to the seriousness of the problem at the Site and the legal ramifications of your failure to respond promptly and properly, U.S. EPA strongly encourages you to give this matter your immediate attention and to respond to these Information Requests within the time specified above.

Thank you for your cooperation in this matter.

Sincerely,

INFORMATION REQUEST

INSTRUCTIONS

1. Please provide a separate narrative response to each and every Question set forth in this Information Request.
2. Precede each answer with the number of the Question to which it corresponds.
3. If information or documents not known or not available to you as of the date of submission of a response to this Information Request should later become known or available to you, you must supplement your response to EPA. Moreover, should you find, at any time after the submission of your response that any portion of the submitted information is false or misrepresents the truth, you must notify EPA of this fact as soon as possible and provide EPA with a corrected response.
4. For each document produced in response to this Information Request indicate on the document, or in some other reasonable manner, the number of the Question to which it responds.
5. The information requested herein must be provided even though the Respondent may contend that it includes possibly confidential information or trade secrets. You may, if you desire, assert a confidentiality claim covering part or all of the information requested, pursuant to Sections 104(e)(7)(E) and (F) of CERCLA, as amended by SARA, 42 U.S.C. Section 9404(e)(7)(E) and (F), Section 3007(b) of RCRA, 42 U.S.C. 6927(b), and 40 C.F.R. 2.203(b), by attaching to such information at the time it is submitted, a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as "trade secrets," or "proprietary" or "company confidential." Information covered by such a claim will be disclosed by EPA only to the extent, and only by means of the procedures set forth above. If no such claim accompanies the information when it is received by EPA, it may be made available to the public by EPA without further notice to you. You should read the above cited regulations carefully before asserting a business confidentiality claim, since certain categories of information are not properly the subject of such a claim.
